ASELSI Ministries International

is located in the mountains of Guatemala with a population of over 137,000 in the Chichicastenango area. 90% of the population is Mayan, with 85% of the people living in one of the 84 rural communities.

Many women and unschooled children here only speak the native language Kiche' and the illiteracy rate is 45%. The majority of pastors and leaders in Chichi have a third grade education or less.

29% percent of the population lives in *extreme* poverty, and most of the people feel the effects of sickness, abuse, drunkenness, destructive rituals, lack of education and corruption.

The Vision of ASEL

ASEL's vision is to have Bible-equipped, indigenous pastors leading healthy churches that embody in word and deed the good news of Jesus Christ to their culture, compassionately serving the practical, physical and spiritual needs of "the least of these" in their community and beyond.
